Japan Business Consulting: We reply your inquiry within 24 hours

A foreign market is very attractive to anyone looking for new markets. Such an expansion, however, needs to be thoroughly researched and planned to ensure your timing is right. Research on politics, legal, economic, socio-culture and technology shall provide you with insights to determine whether or not this is the right time to enter. We know that the foreign investment is often constrained by limited funds and resources. To solve this, we guide you through the piles of concern, providing a basis to make a right decision. Research and assessment of your project by our professional Japan Business Team will identify issues and give you practical solutions.

Japan Business Operation: Referrals, legal, accounting and visa

We offer a complete range of one-stop services accommodate to any type and size of business: from start-ups to superior enterprises. All information and advice are presented in a straightforward, understandable language that you should be able to make critical decisions in timely manner. Qualified experts support your all tasks like accounting, key document drafting, translation, business license and Visa issues. We routinely keep contact and work with the major national industrial parks and local investment promotion agencies, so that we can propose you options by studying current government and municipal policies, tax laws and business trends. We can locate you an agent or joint venture partner as business referrals if suited for your case.

Japan Business Office Set up and Dissolution Service

We offer you optimal solutions on all stages of business development: from company incorporation to dissolution of the office. We are highly dedicated experts to help you succeed in Japan Business. Not every city in Japan is the right choice for every project. We provide a complete service in comparing multiple locations across desired areas.
